

Posters welcome!

Due to the large interest in Suisun Marsh and the limited time for presentations during the Making Science Work for Suisun Marsh Workshop, we would like to provide all attendees with the opportunity to present their work in the form of a poster during the social immediately following the first day of the workshop. This will be a very informal setting that provides an additional opportunity to share results and obtain feedback.

If you are interested in presenting your Marsh-related research in poster format, simply bring your poster with you to the social (staff will assist you in putting it up) and notify me (contact info below) that you intend to do so.

The social will be held from 5:00 - 7:45 pm at the Hard Rock Cafe, 545 Downtown Plaza (7th Street and K) on March 1 immediately following the first day of the workshop.

Thank you,

Heather
